

LA FOLLETTE OPENS THE CAMPAIGN IN WISCONSIN

Great Meeting and a Great Speech by the Republican Candidate for Governor at Schlitz Park, Milwaukee, Last Night.

EXPLAINS THE PRIMARY ELECTION LAW

Every Issue, National and State, Thoroughly Presented and Argued—Many Germans Present—McKinley's Philippine Policy Cheered.

Milwaukee, Wis., Sept. 20.—Robert M. La Follette opened the republican campaign here last night. The hall at Schlitz Park was filled to its capacity, notwithstanding the rain. The large attendance of the so-called stalwarts showed that all wings of the party are in line and that the party is in perfect harmony.

Mr. La Follette was in good voice, and made an excellent impression. His treatment of Mr. Bryan's issue of imperialism was interrupted frequently by applause and cheers. This is taken as significant, as the larger portion of the audience were Germans, and the democrats have been claiming they are not with the republicans on the question of expansion.

The Trust Question
Every reference to President McKinley's policy in the Philippines was greeted with applause. The part of his speech contrasting the democratic and republican record on the trust question was also well received and was listened to with great attention.

Mr. La Follette devoted the greater part of his address to a discussion of the issues presented by the democratic platform. He refuted the charges that the republican party favored imperialism and militarism. He quoted from Bryan's speeches of four years ago showing that the democratic nominee had proven himself a false prophet as to the effects of the gold standard. He showed the democratic failures to pass trust laws while it controlled both houses of congress and the White house.

Was In Splendid Voice.
Mr. La Follette was in splendid shape and he delivered his sentences with telling effect. The earnestness and honesty of the man was incarnated in his utterances, and that it made a deep impression upon his audience was not only manifested by his outbursts of applause, but in the close attention which they paid to his words.

Mr. La Follette entered the hall promptly at 8 o'clock, preceded by Gen. Winkler. E. L. Philipp, the newly elected chairman of the republican county committee, and followed by Lieut. Gov. Stone and other state officers. As Mr. La Follette stepped inside the door, round after round of applause marked his progress to the stage, and there assumed the properties of an ovation.

Gen. F. C. Winkler, as chairman, introduced the speaker of the evening.

Audience Liberally Responded.
Time and again in the course of his address Mr. La Follette was greeted with round after round of applause. Particularly was this the case when he asked, after he had described the charges made of the intention of President McKinley to override the constitution and set up an imperial government in the Philippines, if William McKinley would be willing to carry such a record with him to the place in history which his exalted position would entitle him.

Again applause broke forth when he placed before his hearers the pictures of William Jennings Bryan, rushing off to Washington to use his influence with democrat and populist in the senate to ratify the treaty of peace with Spain which ceded the Philippine islands to the United States.

Discusses State Issues
Taking up state issues, Mr. La Follette reviewed the promises made in the republican platform and pledged himself to stand by those promises if elected. He said:

No resolution in that platform is so vital to the welfare of all the people as the pledge for the nomination of candidates by direct vote under the Australian ballot. It is through the caucus and convention that the elementary principle of representative government has been weakened and subverted.

The abolition of the caucus and convention is absolutely necessary to place nominations in the hands of the voters and to make candidates directly responsible to the people.

The caucus and convention system cannot be reformed, because it is inherently bad. If one political machine were absolutely destroyed and the men in its control driven into retirement, the opportunity for political domination through the caucus and convention plan would invariably and quickly lead to the organization of a new machine to take the place of the old.

Abolish Machine Control.
If the people would abolish machine control they would abolish the caucus and convention system. Its plan involves the manipulation and concentrates power.

Under its methods the nomination is too far removed from the voter. By the time the delegate has been elected in the local caucus as the representative of the voter, and has attended upon an intermediate convention and elected some other delegates to represent him,

and the second set of delegates has made its way to the convention and has there encouraged all the combinations, all the confidence games, all the temptations, and tricks, and trades, and stampedes and tidal waves which surround and sweep over great political conventions, responsibility to the voter, which was only secondary at the beginning, has been lost or bartered or totally forgotten.

Primary Election Law
There is no valid argument nor objection to be made against the nomination of candidates of all parties on the same day at a primary election by direct vote under the Australian ballot.

If the voter is competent to cast his ballot for the candidates of his party he is competent to express his choice in the same way at a primary election for the man he wants nominated on that party ticket.

As a citizen and taxpayer it is his sovereign right, and any law which compels him to hand that sovereign right over to some other man, who may do with it as he pleases is a bad law and cannot stand.

The republican party stands pledged to repeal that law, and every voter in this state ought to support the republican party on this issue alone.

Democracy and the Trusts
On this subject he said in part:

Governor Cleveland was president until March 4, 1885, and the House of Representatives was democratic. Did that party pass or offer to pass any anti-trust legislation? It did not.

Cleveland was succeeded by Harrison as president and the democratic House by a republican house, making both branches of the Fifty-fifth Congress republican.

The first bill introduced in the Senate was an anti-trust bill by that Senator of republican station, John Sherman of Ohio. That bill passed the republican Senate and was passed through the republican House, then under the leadership of William McKinley, and was approved by President Harrison on July 2, 1890.

Sustain the Sherman Act
The Sherman act has been treated in the federal court in thirteen different states, and while it has failed in some cases, its constitutionality has been sustained by the Supreme court, and, in several cases, it has proven of great value.

This law can doubtless be greatly strengthened, and suggested by recent decisions, a revision of it, extending its scope, increasing its penalties, and making prosecution under its mandatory, passed the House of Representatives at its last session and is now pending in the senate.

The first bill introduced in the Senate was an anti-trust bill by that Senator of republican station, John Sherman of Ohio. That bill passed the republican Senate and was passed through the republican House, then under the leadership of William McKinley, and was approved by President Harrison on July 2, 1890.

Vote for the Trusts
But at the last session of congress, when a republican judiciary committee of the House of Representatives offered a constitutional amendment giving congress the absolute power to prohibit trusts, monopolies, or combinations, every democrat but five voted against it, thus preventing its receiving the two-thirds majority required to pass it.

Now, what is the complete democratic record on trusts down to date?
They have adopted platform forms, they have made speeches against trusts, but what legislation have they given the country?

They can hardly claim to have overlooked the subject, for they have had a great deal to say about it since 1888, but what have they done?

ROOSEVELT FINDS IDAHO ALL RIGHT
Pocatello, Idaho, Sept. 20.—[Special Telegram]—The Roosevelt train remained here over night and left this morning for Utah. The governor was pleased over the reception in Idaho and finds encouragement in Shoup's hopeful view of the situation in the state.

FLOUR HAS GONE UP TWENTY CENTS
Advance Follows Rise in the Price of Wheat—Increase in All Brands Go Into Effect Today.

Chicago, Sept. 20.—Prices of flour are climbing higher with an advancing wheat market, and the householder is confronted with the possibility of being compelled to pay more for his bread as well as for his furnace coal this winter.

The local agents of the standard Minneapolis-brands of Spring wheat flour, the Pillsbury-Washburn, Ceresota and Washburn-Crosby notified the wholesale trade yesterday of an advance of 20 cents a barrel to go into effect this morning.

The new price will be \$4.70 a barrel, which is 40 cents more than was asked a month ago. This is still 30 cents under the figure reached late in June on the crest of the bull movement in wheat.

Wholesale grocers will make a corresponding advance to the retail trade at once, but the effect may not be felt immediately by the consumer.

ALLIES ATTACK PEITANG FORTS

General Chaffee Will Distribute the American Forces in China—Missionaries Murdered.

Taku, Sept. 20.—[Special Cablegram]—The allies attacked the Peitang forts at daybreak, and a heavy cannonading is going on.

Cablegram from Chaffee.

Washington, Sept. 20.—[Special Telegram]—General Chaffee cabled from Peking September 16 via Taku that to avoid the crowding of Peking he has in mind a division of his force between Peking, Pang Tzun and Tien Tsin. Other commanders assume that some of their troops will remain in Peking during the winter. Only one regiment of Russian troops has retired toward Tien Tsin.

The condition of the Chinese is better, the gardeners are entering the city freely relieving distress. The situation is quiet. In an expedition today, Wilson, commanding expelled the boxers to the westward in order to free the country for coal supply from the mine to Peking.

Many Missionaries Killed.
Replying to a department query, Chaffee says the two daughters of Atwater and twenty-six others were murdered at Taku July 31; Atwater, wife and two children and six others were murdered by their escort near Panchowfu, August 15, in Shan Si province.

Dixon and wife, O'Curran and wife, a single gentleman and a single lady escaped into the mountains from the mission thirty miles north of Taku and possibly they have evaded their pursuers.

COAL MINES ARE ALL CLOSED DOWN

No Attempt Made to Operate Them in the Anthracite Region

STRIKERS MAKE GAINS

Succeed in Making a Large Number of Workers to Quit West End Mines.

FEAR TROUBLE IS AT HAND

Scranton, Pa., Sept. 20.—[Special Telegram]—The strike situation here this morning is unchanged. All the mines are still closed, and no attempt has been made to operate any of them. It is rumored this morning at headquarters that the operators in this locality intend to hold a meeting during the day to discuss the advisability of making some kind of a proposition to the men to test their temper.

Gain Made by the Strikers

Wilkesbarre, Pa., Sept. 20.—[Special Telegram]—The strikers made a gain at the West end colliery at Mocanaqua this morning, when after four days' work the organizers managed to get fifty out of five hundred employees to strike. The strikers hope in a few days to shut down the colliery and make the strike in the upper coal field complete. At present, out of a district employing 75,212 men, 450 at West End are the only ones working.

Scranton, Pa., Oct. 20.—[Special Telegram]—This afternoon Organizer Dilcher will go to Hazleton to assist in the work of the Seventh district. Dilcher says this district is tightly bottled up and he can be spared. Armed guards at Carbondale watch all property but the miners don't go near. Many miners are leaving for other fields, a large number going to British Columbia.

STRIKERS ARE LOOKING FOR PEACE

The Entire Hard Coal Field is Now Practically Idle

Hazleton, Pa., Sept. 20.—With many additions to their ranks, making 126,000 men now out, with colliery after colliery forced to abandon operations, with employers whose workers have no grievances pleading in vain with the diggers, and with all indications pointing to a general tie-up in the anthracite coal fields, the striking miners continue their talk of arbitration.

Leaders of the great body of men now idle insist they seek only a fair hearing and are willing to let their case rest on the decision of impartial men, promising to abide by the result whatever it be. The one point on which they are determined is that the whole coal field shall be included in any negotiations with the operators.

Although in isolated cases owners of mines have offered to discuss the differences with their men and in others have promised to grant the principal demands of the workers, the union officials are firm and refuse to authorize settlements. They hold that any resumption of work would weaken the strike and that all must stay out until every employer joins in an agreement.

Peaceful methods are used by the strikers in their efforts to close the few workings still in operation, and these, so far, have proved successful.

Marching makes the timid men and women in the Hazleton region nervous, because of the result of that sort of campaigning in 1897, when the deputies shot down marchers, and marching began in earnest there today. The marchers were peaceful, however, and they succeeded in inducing several hundred men to quit work, temporarily at least.

Many rumors of impending trouble are heard, and although the men so far have done nothing to indicate any attempt at violence, elaborate preparations have been made by the authorities. Sheriff Harvey is said to have sworn in secretly 1,500 deputies to guard the Coxie colliery.

Authorities Prepare for Trouble.

The sheriffs of Luzerne, Carbon and Schuylkill counties held a conference here tonight to discuss the situation. The National Guard of the state has been ordered to get in readiness for an emergency call, and arsenals and armaments are being prepared for service.

Women Persuade Men to Quit.

Women are aiding the strikers in places where men have refused to quit work. They are told the necessity for united action and, in turn, persuade their husbands and fathers to join the strike.

Miss Anna Knipp and Miss Elsa Dettmar are visiting in Delavan for a few days. They will visit the Elkhorn fair before the return home.

YOUNG MAN KICKED TO DEATH

Louis F. Mueller of Milwaukee, Killed by Unknown Man.

Milwaukee, Wis., Sept. 20.—Louis F. Mueller was killed by an unknown man in front of the Star Theater here last night. Mueller addressed some words to an unknown young woman in front of the theater and the escort of the woman, as yet unknown to the police, seized young Mueller and threw him heavily to the stone flagging. He followed this by kicking the prostrate young man. Then he turned back and hurried away with the young woman.

Mueller was carried into a neighboring saloon, and as he did not regain consciousness, he was sent to the Emergency hospital, where he died. His skull was fractured and two ribs broken.

Mueller was the treasurer for the Star Theater last season, but has of late been working for a jewelry house as an engraver.

BRYAN IS BACK IN LINCOLN.

Will Rest Before Starting on His Final Tour Next Week.

Lincoln, Neb., Sept. 20.—Hon. W. J. Bryan arrived at his home here at 11 o'clock last night. Notwithstanding the late hour he was met and cheered at the railroad station by a number of his admirers. With the exception of a few excursions into the state, Mr. Bryan expects to remain in Lincoln a week when he will start upon the final tour of the campaign.

SHOWS A REVERSAL OF USUAL RESULT

Sudden Activity of the Filipinos Creates Alarm in Washington—24 Americans Killed and 20 Wounded.

Washington, Sept. 20. [Special Telegram]—The dispatches telling of an engagement near Siniloan, Luzon, in which twenty four Americans were killed, and twenty wounded, are confirmed in a dispatch received this morning from MacArthur.

The report is particularly disturbing in that it shows sudden activity among the insurgents not expected from the report of the Philippine commission.

The loss of the Filipinos was too dead and twenty wounded it shows a reversal of the usual result and apparently indicates an improvement in their tactics.

BELOIT COLLEGE OPENS FALL TERM

Attendance Is Unusually Large—Thirty One Women Are in the Freshman Class.

Beloit, Wis., Sept. 20.—Register College reports an enrollment in the college Freshmen class up this morning of thirty-eight young men and thirty-one young women. The number of women is a surprise to everybody. All the old classes are well represented, and the academy has a large number of students.

Prof. T. L. Wright arrived here from Europe yesterday. The term opened with chapel exercises last evening, but there were no ceremonies and no announcements beyond those pertaining to the work. W. A. Powell will have charge of the college rhetoricals in place of Prof. E. G. Smith.

RAIN STOPS THE ELKHORN FAIR

The Program Yesterday Was Entirely Set Aside and the Fair Will Be Continued Until Saturday.

Elkhorn, Wis., Sept. 20.—Yesterday's Walworth County fair was under an umbrella. Rain began falling here before day break and the intervals between showers during the forenoon were of short duration. The attendance was cut below 1,500 and the morning program was entirely set aside. Rain again set in shortly after the dinner hour, necessitating a postponement of everything. A consultation of officials resulted in a decision to continue the fair on Saturday. With this arrangement the week's program will be carried out commencing today.

In the Howard Trial

Frankfort, Ky., Sept. 20.—[Special Telegram]—On cross examination this morning Howard denied that Judge Tinsley congratulated him for what he did in Frankfort. He also denied receiving anything for coming to Frankfort at the time Goebel was killed. Judge Tinsley took the stand and said he met Howard in London but denied complimenting him.

KITCHENER WILL SUCCEED ROBERTS

British Commander Will Return to England on Sept. 29.

BOER ARMY IS EXTINGUISHED

Nothing is Left of it Except a Few Marauding Mountain Bands.

CAUSED BY FLIGHT OF KRUGER

London, Sept. 20.—[Special Cablegram]—A dispatch from Johannesburg asserts that Gen. Roberts leaves on September 29 and will be succeeded by Kitchener.

Roberts telegraphs from Nelspruit that of the three thousand Boers who retreated from Machedodorp seven hundred crossed into Portuguese territory. Others deserted in various directions.

A general tumult seems to have occurred when the enemy recognized the hopelessness of their cause. One long tom and several field guns were destroyed, nothing is now left of the Boer army except a few marauding bands. Kelly-Kenny, Rundle, Hart and Hildyard are dealing with these.

Boer War Is At An End.
London, Sept. 20.—At last the announcement may be made with some degree of authority that the boer war is nearing its end. Advice from the front are of the most encouraging nature. General Buller has been exceedingly active of late and has driven the burghers from pillar to post until they have now no place at which they can hope to offer a successful resistance.

Small bodies of the enemy are almost daily tendering their allegiance, and it is said that today all the armed men in the cause of the Transvaal do not number 5,000 men. Opposed to these are ten times the number of British troops, well seasoned now and worth double the number a year ago.

Oom Paul's Fight.
Again the statement is made—and this time on apparently incontestable authority—that President Kruger has managed to escape across the border with all his lares and penates, and is now in Lourenco Marques, awaiting an opportunity to take ship for Europe.

The report was at first doubted, as similar statements have been repeatedly made here, but this time Mr. Kruger has actually been seen upon the Portuguese territory, though trying to maintain a strict incognito. It is surmised that he will either remain there until peace is declared or take passage secretly in some vessel bound for a Mediterranean port.

He is said to have little of his wealth with him. The bulk of his ready money was sent to Holland several months ago and deposited to his credit in the banks there. Doubtless the British government will take means to intercept him, but there is little expectation that such measures will be crowned with success.

Losses are Heavy.

The losses in the South African war up to the present date are officially stated at 40,561 men, exclusive of sick and wounded men now in British hospitals in South Africa. The casualties for the week ending Aug. 25 number 31 officers and 261 men. Of these 8 officers and 47 men were killed or died of their wounds, while 133 officers and men were made prisoners or are missing.

The loss from disease unfortunately maintains its proportion being nearly double that from the action of the Boer enemy. The return for the week is 86 deaths. The total number of killed is 3,691, whereas 5,363 have died of disease. In the case of officers, however, a much larger proportion have met their death in battle. Only 143 have died of disease as compared with 360 who have been killed. Nearly 30,000 invalids have been sent home.

ONE THOUSAND ARE STILL IN THE RUINS

Negro Killed and His Body Burned By Guards Last Night For Robbing Commissary Stores.

Galveston, Sept. 20.—[Special Telegram]—While attempting to break into a warehouse containing commissary stores last night a negro was killed by guards. No attempt was made at identification and the body was burned. A careful estimate makes the number of bodies still in the ruins one thousand.

Appalling State of Affairs

Dallas, Sept. 20. [Special Telegram]—Further details from the coast country is appalling. In the vicinity of Hitchcock everything was wiped out. The people have eight feet of water to contend with and are surrounded by dead cattle and wreckage. The main land dead in that section number five hundred.

TO REBUILD THE FURNITURE PLANT

CITIZENS MET AT COUNCIL CHAMBER LAST NIGHT.

Choate-Hollister Factory Matter Discussed—Committee of Seven is Appointed to Solicit Subscriptions from the Citizens to Be Used in Rebuilding the Plant.

The meeting called by Mayor Victor P. Richardson to see what the citizens were willing to do towards rebuilding the Choate-Hollister Furniture company's plant, was held at the council chamber last night. The attendance was not as large as might have been expected in a case of this kind, but most of those present showed they were in favor of having the plant rebuilt by subscribing a goodly sum as a starter.

The meeting was called to order by Mayor Richardson who was later chosen chairman, T. W. Goldin was elected secretary.

Postmaster O. F. Nowlan addressed the meeting in regard to the object for which it was called. He had not consulted with all the stockholders but he had talked of rebuilding the factory with one of them. His idea seemed to be that the people interested in the factory had other business on their hands which took up a great deal of their time. They did not know whether they wished to be burdened with the factory business any longer.

The factory had been a success from the start and it was not on account of its not being a good investment that they thought of giving it up. The factory employed about seventy hands, and at least sixty were the heads of families. The rebuilding of the works would not alone benefit the stockholders, but every business interest and merchant in the city, and give employment to a large number of men that are now looking for work elsewhere.

It was the sense of the meeting that a committee of seven be appointed to solicit subscriptions from the citizens of Janesville to be used in rebuilding the plant. If the factory is rebuilt it will be on a more extensive scale, and many more hands employed. Oshkosh and several other towns are already clamoring for the business and within twenty-four hours after the fire, Mr. Estes had offers from four different concerns to come and take charge of the plant.

It is easier to let a good concern go than it is to get one. If there is anything that this city wants to build it up it is live manufacturing interests, and no good factory should be allowed to get away.

Mayor Richardson appointed the following committee: O. F. Nowlan, Thomas O. Howe, Ed. F. Carpenter, E. W. Lowell, W. H. Appleby, George M. McKey and P. J. Mount.

FIRE OPENING GUN IN THIS CAMPAIGN

M. G. Jeffris Will Speak in the Haugen District on Thursday Afternoon, Sept. 27.

The republicans of Rock county will fire the opening gun in this campaign in the town of Plymouth on Thursday, Sept. 27 with a basket picnic and flag raising. The meeting will be held in school district No. 5 (the Haugen district) about one and one-half miles east of Orfordville.

Addresses appropriate to the occasion will be delivered by County Superintendent Ross and others. A program by the school children will also be delivered.

In the afternoon the issues of the campaign will be discussed by Hon. M. G. Jeffris of Janesville. Music will be furnished by the Orfordville band. A great crowd is expected.

CUBA VOTES FOR FREEDOM.

Recent Election Shows That a Protectorate Is Not Desired.

Havana, Sept. 20.—The results of the elections of delegates to the forthcoming constitutional convention are being freely discussed by the Cubans. The conclusion reached is that the convention will be controlled by the revolutionary element. Senor Alfredo Zayas, nationalist delegate said today:

"The convention will not allow itself to be influenced by any representative of the United States. It will adopt and follow an independent policy throughout, in my opinion, refusing to decide as to the relations which shall hereafter exist between Cuba and the United States. This is a matter that should be left to a special commission."

Mayor Rodriguez expressed the same opinion, and other representative delegates in various parts of the island adopt the same attitude.

In the main the delegates are capable men. Most of them, it is said, are in favor of immediate and absolute independence without the intervention of a protectorate.

The defeated republicans and fusionists here have raised the cry of fraud, and have already held a mass meeting to protest against alleged illegal practices.

BROOKLYN GAME ENDS IN ROW.

Catcher Robinson of St. Louis Club Attacks Umpire Gaffney.

Brooklyn, N. Y., Sept. 20.—The game between the Brooklyn and St. Louis clubs ended in a row in the third inning, and Umpire Gaffney declared it forfeited to Brooklyn by a score of 9 to 0. With Farrell at third, Jones sent a grounder to Wallace, who threw badly to the plate. Farrell slid under Robinson's hands and was declared safe. "Robby" jumped up and after throwing the ball at Gaffney, rushed up and struck him on the chest with his fist. The umpire swung his mask at the player, just grazing his nose. He ordered the big catcher out of the game, but Robinson refused to go. McGraw backed him up. After waiting the customary time Gaffney declared the game forfeited and McGraw withdrew his men from the field. McGinnity and Jones were the opposing pitchers and the game promised to be interesting. Brooklyn had scored a run on a homer by Jennings in the first, and another in the third on Farrell's double, while St. Louis was blanked. The 800 spectators received their money back.

TOBACCO CROP IS BEST EVER KNOWN

That is What the Gazette Correspondent from Stebbinsville Says—Social and Personal News.

Stebbinsville, Wis., Sept. 20.—The tobacco crop in this section is nearly all harvested and is the best ever grown in this section.

Mr. and Mrs. Wm. Gilley, the Misses Wood, W. Smart and J. Shaw were among the people who went to Clinton, Iowa, on the 11th. They all pronounce the excursion a grand success and every one says they would not have missed it for double the expense.

Mr. and Mrs. James Clatworthy of Elmira, New York, are visiting at the home of Joseph Wright and James Shaw.

Amil Hereoid is erecting a barn and tobacco shed and will soon build a house. We are all ready to attend the reception if he will advise us of the time.

The Horton steam threshing outfit is threshing for Mrs. Hereoid today. It is a fine outfit and should be well patronized in this neighborhood.

Frank Walker made a business trip to Edgerton recently. He thinks Edgerton has had a rapid growth since he saw it last.

Wm. and Joseph Wright are preparing to start their sorghum mill. They make several hundred gallons of sorghum yearly at their mill.

J. Shaw lost a horse by its getting tangled in the wire fence and cutting its throat on the wire.

They have a rural delivery mail route established near here and there are good prospects of another which will give us a chance for daily mail as well as our neighbors.

Charles Pratt of Pekin, China, is visiting Mr. and Mrs. J. B. Shaw.

Jewett Farman has shingles drawn to shingle his house at this place.

Charles Garey has finished harvesting as fine a 20 acre crop of tobacco as was ever grown in our community.

One of the bright boys of this place had a few shot removed from his legs today. It may learn him to buy his melons in the future.

There have been several agents out canvassing for daily papers recently. It seems strange that a Rock county farmer who wants a daily paper does not subscribe for the Gazette and get home news as well as foreign.

Nearly every farmer in this section has started a new corn binder this season and a few of them contemplate buying shredders this fall.

The rural route must be booming as one corner west of Edgerton has three U. S. mail boxes.

A great many from here attended the state fair this week.

The wind storm of Monday done more or less damage in this section.

Charles Pratt, Charles Searr, E. Gross, E. Shaw, J. Farnam and others from our neighborhood attended the fair at Milwaukee.

W. Wright and J. Shaw spent Sunday at Vincent's place on Lake Koshkonong.

Tuesday's frost was followed by a rain storm in the afternoon. There is very little tobacco left in the fields and nearly every one is cutting corn. They are obliged to cut it in order to get feed for winter as hay is such a light crop.

Marsh hay sells on our big marsh at \$6 per ton and timothy hay cannot be bought at any price.

STATEMENT FROM PRES. MITCHELL

Says the Number of Miners Now Out in the Hard Coal Region is About 126,000.

President Mitchell of the United Mine Workers, after getting partial reports at Hazleton from his lieutenants has made the unofficial statement that "about 126,000" out of the 141,000 mine workers in the anthracite fields are now idle. All of the strike leaders say they are confident that every mine will be tied up before the end of the week and the production of coal will be at a standstill.

Marching, the form of persuasion or coercion used by the Hazleton strikers in 1897, has begun in the Hazleton region. A determined band of strikers from McAdoo went to several mine settlements before daybreak and induced several hundred men not to go to work. It was this marching from mine to mine day after day in an effort to stop men from working that culminated in the awful massacre by sheriff's deputies there in 1898.

Calvin Pardee, one of the most influential mine owners in the Hazleton region, has given out an interview, full of defiance, in which he declared that the operators will never yield to the demands of the strikers, and that it is a fight to the finish.

What is likely to become a serious feature of the situation is the stoppage of coal traffic and the consequent laying off of coal-train crews. Carrying of coal is almost at a standstill in the Wyoming and Lackawanna regions and many hundreds of railroaders are idle. These men are likely to take action designed to force the strike to a quick conclusion. Even the Reading company which has more

Special Policemen Sworn In.
Pottsville, Pa., Sept. 20.—Morea colliery is still shut up as tight as a drum. The other collieries in the Mahanoy City districts are at work, despite report that some of them might be tied up. The precaution has been taken to swear in forty-five special policemen from different parts of the county to give protection to the non-strikers in that district.

Clash of Miners Averted.
Harrisburg, Pa., Sept. 20.—The expected clash between the union and non-union miners in the Lykens valley region was averted by the strikers at Lykens abandoning their proposed march to Williamstown to attempt to force the miners there to quit work. The feeling between the Lykens and Williamstown miners is so bitter that the strike leaders were induced this afternoon by the borough authorities of Lykens to persuade their followers not to invade the territory of the non-strikers.

To Mothers of Large Families.

In this workaday world few women are so placed that physical exertion is not constantly demanded of them in their daily life.

Mrs. Pinkham makes a special appeal to mothers of large families whose work is never done, and many of whom suffer, and suffer for lack of intelligent aid.

To women, young or old, rich or poor, Mrs. Pinkham, of Lynn, Mass., extends her invitation of free advice. Oh, women! do not let your lives be sacrificed when a word from Mrs. Pinkham, at the first approach of

BANKS ROBBED OF \$42,000.

Daring Noonday Attack on a Nevada Bank.

BANDITS TAKE POSSESSION

Of the Bank and March the Five Persons in Charge of It Into the Street—Escape on Horses Taking Three Sacks of Gold with Them.

Winnemucca, Nev., Sept. 20.—The First National bank was robbed of about \$15,000 at noon by three men who entered the front door and with revolvers made all present throw up their hands. There were five persons in the bank—Cashier Nixon, Assistant Cashier McBride, Bookkeeper Hill, Stenographer Calhoun and a horse buyer named Johnson.

One robber at the point of a pistol made Cashier Nixon open the safe and take from it three sacks of gold coin. The bandits threw this in an ore sack, together with all the gold coin in the office drawer. They then marched the five men through a back door to an alley, where three horses were waiting. The men were kept covered with guns until the desperadoes mounted their horses and escaped. The whole affair occurred in but five minutes. An alarm was quickly given and several shots were fired at the desperadoes as they sped through town, but without effect.

Officers and armed citizens have started in pursuit of the robbers. A posse has also started from Golconda to head them off.

Kansas Bank Robbed of \$27,000.

Salina, Kas., Sept. 20.—News has reached here of the looting of the State bank of Bushton by safe blowers, who secured between \$5,000 and \$7,000 in cash and \$20,000 worth of securities. Bushton is a town of 200 population sixty miles west on the Missouri Pacific railway. It is the center of a great wheat region and at present its grain shipments are immense. The one banker is required to carry a large amount of money on hand to cash wheat checks for farmers. The bank is capitalized for only \$5,000, but it has been shipping in \$4,000 in currency a week to pay out for wheat.

The robbery was discovered when the bank was opened for business in the morning. The safe was a wreck. The only money left was about \$100 worth of nickels and pennies scattered on the floor.

The bank has sent for a new safe and also for cash to recommence business. The stockholders are wealthy, and it is said that the robbery will make no difference with the business. The bank was insured against robbers.

Fail to Get \$40,000 in Iowa.

Fort Dodge, Iowa, Sept. 20.—Cracksmen blew open the safe and wrecked the building of the Clare State bank about 1 o'clock a. m. Clare is a small town fourteen miles south of here, and there was a race meet being held. The robbers were frightened away before securing any plunder. Over \$40,000 was deposited in the bank.

Cleanest in America.

The Lackawanna Railroad is the cleanest railroad in America. Even though it cared little for the comfort of its passengers, which it does, it probably would burn hard coal, for the reason that it owns the most extensive anthracite coal mines in Pennsylvania, and it is cheaper for it to burn hard coal, which makes no smoke, than soft. At any rate, there is no smoke from its locomotives. It is built for the most part through the mountains where rock is the material easiest of access, and its road bed for that reason is rock ballasted. There is therefore, no dust. These two things are of unusual interest to the traveler by the line, for the reason that on no other road in the United States is

□ Rubbing the back won't cure backache.

A liniment may relieve, but can't cure

Backache comes from the inside, from the kidneys.

Doan's Kidney Pills get inside.

Here is Janesville proof that this is so:

Veteran A. F. Lee, of 61 Sharon St., carpenter, says:

For twenty years it troubled me a great deal, many days I could hardly keep at my work, and by rights should have staid at home and doctored. It was seldom that my back did not ache, and I have been completely laid up for three or four days at a stretch. When stooping or lifting sharp pains penetrated the kidneys, the secretions from those organs were too frequent, and accompanied by pain. I used all kinds of remedies but none gave permanent relief. Obtaining Doan's Kidney Pills at the People's Drug Co., I took them, and after the first three or four doses a noticeable change was brought about. I improved steadily from then on and on completing the treatment I was in good condition and am now well.

WHITE LOGIC.

DWIN FORREST was once drilling a stupid "super." In despair Forrest exclaimed: "Can't you say it as I do?" "No," said the man; "if I could, would I be working for \$5.00 a week?" If you asked a cheap yellow soap to do the work of Ivory Soap the reply might well be: "If I could, would I sell for half as much?" Ivory Soap, being pure, costs money, but not more than a pure soap has to cost.

there stronger incentive to keep one's eyes upon the passing scene. It is said of this line truthfully that every mile is picturesque. It traverses the agricultural region of Western New York, the valley region of Central New York, the mountain region of Pennsylvania and New Jersey, and every mile offers a view that is beautiful, interesting and entrancing. In point of comfort its passengers are particularly fortunate, for, in addition to there being no smoke or dust, the cars are roomy and scrupulously clean. Sleeping cars, parlor cars and dining cars offer all the conveniences and comforts of modern travel.

MCKINLEY AND ROOSEVELT.

MR. BRYAN'S WARNING
"If there is anyone who believes that the gold standard is a good thing, or that it must be maintained, I warn him not to cast his vote for me because I promise him it will not be maintained in this country longer than I am able to get rid of it."—Hon. William Jennings Bryan, Knoxville, Tenn., Sept. 16, 1896.

LOYALTY VS. DISLOYALTY

Patriotism continues to choke out Bryanism and each day brings new strength to the republican host. The latest addition to the ranks of the campaigners is Judge Allen B. Morse, of Iowa, Michigan.

Judge Morse declares that "All patriots will support William McKinley. I have no fear in a contest when disloyalty is pitted against loyalty."

These were the closing words in the first campaign speech delivered by Judge Morse this year, and what preceded them was caustic arraignment of Bryan for his advocacy of pulling down the flag in the Philippines and his strong encouragement of Filipino rebels.

Judge Morse was elected a justice of the supreme court on the democratic ticket in 1883, and was the nominee of that party for governor in 1892. He served four years as consul at Glasgow under President Cleveland. He is on the stump for McKinley this year, serving as a volunteer, even to paying his own traveling expenses.

And Judge Morse is not the only one. The issues of this campaign are so clearly defined that there can be no doubt as to the duty of loyal patriotic citizens. As Judge Morse says "When loyalty is pitted against disloyalty," the American people are quick to come to the rescue.

Some of the local Bryanites are not making much of the "anti-imperialism" issue, because of the fact that the two Kings of Janesville are democrats. And the saddest part of all is that the republicans who are supposed to rule are but weak and willing subjects of the two Kings.

Towne and Allen are stumping the west on the free silver issue, relegating expansion issues to the rear. Bryan says little about silver, but talks "anti-imperialism" and anti-trust. A sectional campaign of this sort cannot win. Common honesty demands a more straightforward and manly course.

The United States has never relinquished a foot of ceded territory, and never will. What is ours is ours, and Col. Bryan will not be able to convince the people that it is best to throw our valuables into the sea.

Grover Cleveland said "a public office is a public trust." But Grover didn't figure on the slot machine syndicate's grip when he made that famous remark.

And then Superior's gain of 160 per cent. in population may be due to the fact that it doesn't have a slot machine syndicate government exclusively.

"With malice towards none, with charity for all, with firmness in the right as God gives us to see the right," let us rise up and turn the rascals out.

How do you like the slot machine syndicate's form of government, anyway, Mr. Citizen? Does the system meet with your approval?

Mr. La Follette's campaign route is now being laid out, and the battle will be on in earnest in a few days.

And so far as Galveston is concerned, it is also "the solid North."

Repeat the city charter, and abolish the laws.

Or, turn the rascals out.

Where did they get it?

National Bank Goes Down.
Washington, D. C., Sept. 20.—The controller of the currency received a telegram stating that by order of its board of directors the South Danvers national bank of Peabody, Mass., has closed its doors. The capital of the bank is \$150,000, surplus and undivided profits \$70,463, individual deposits \$233,329, due to other national banks \$15,449, borrowed money \$106,276. Bank Examiner Irvin B. Sayles has been appointed receiver.

FILIPINOS WAIT ON THE ELECTION

Commissioners Say Bryan's Defeat Means End of the War on the Islands.

Washington, D. C., Sept. 20.—The reelection of President McKinley, assuring a continuation of the present policy toward the Philippines, will be the signal which will end the insurrection in the islands according to a report just received from the Taft commission.

The report received by cable is in reply to an inquiry for full details on the situation sent by Secretary of War Root on behalf of President McKinley. The commission goes into details regarding present conditions in the archipelago stating that the opposition to the United States is of little importance and is kept alive only by the hope that Bryan will be elected and will withdraw the troops.

Great improvement has been found in all parts of Luzon as well as the other islands, business reviving and more extensive tracts than ever before being under cultivation. A great majority of the people favor American rule and are anxious for the establishment of schools. Local self-government and a civil service rule are expected to work wonders in the islands. New taxation laws and other reforms are suggested if being held that the burdens of a good government need not be expensive.

KILLED BY FILIPINOS.

Engagement Near Siniloan—Twelve Americans Killed.

Manila, Sept. 20.—During the last seven days there has been a distinct increase of insurgent aggression, particularly near Manila, along the railroad and in the provinces of Laguna, Morong, Bulacan, Nueva Ecija and Pampanga, culminating in an engagement near Siniloan, at the east end of Laguna de Bay, in which detachments of the Fifteenth and Thirty-seventh United States infantry regiments, ninety men all told, met 1,000 insurgents, armed with rifles and entrenched. The American loss was twelve killed, including Capt. David D. Mitchell and Second Lieutenant George A. Cooper, both of the Fifteenth infantry, twenty-six wounded and five missing, who are probably dead. The enemy had been pursued for several days.

There are rumors of attacks on the railroad and of trouble in Manila. Refugees are arriving here from Laguna, Morong and Pampanga provinces. The natives of Manila are restless and many are leaving the city. The hostile demonstrations are particularly marked along the railroad and on the shores of Laguna de Bay. The insurgents have attacked garrisons and outposts. In some cases they have charged towns, fleeing when pursued. Guiguinto, Polo, Malolos and Calocan have been subjected to this treatment.

The Manila mail escort of thirty men was attacked at Cabugao lake, a two hours' fight ensuing. Cabugao was also attacked, the telegraph office there being destroyed. The insurgents have burned the village of Rosario. They have been cutting the telegraph wires and railroad at certain points.

Welcome Bryan Home.

Lincoln, Neb., Sept. 20.—After a tour of nineteen days, during which he has traveled 3,650 miles, made 112 speeches, and shaken hands with tens of thousands of people, William J. Bryan reached Lincoln at 11 o'clock p. m. Just before his arrival, he expressed himself as much gratified at the size of the crowds and the deep interest manifested in all sections visited by him on his trip. Before starting on his tour of the Dakotas and other northwest states recently canvassed by Gov. Roosevelt Mr. Bryan will spend three days campaigning in his own state.

Roosevelt in Idaho.

Pocatello, Idaho, Sept. 20.—Ben E. Rich, the Mormon bishop, introduced Gov. Roosevelt at today's demonstration at Blackfoot, Idaho. The audience at nearly every town visited during the day was mostly Mormon, and the valley of the Snake river, where the day was spent, is strongly dominated by that sect. The rough rider's speeches argued for expansion, using the history of this territory and its growth into a flourishing state as an instance.

Carnegie Man Quits.

Pittsburg, Sept. 20.—At a meeting of the Carnegie Steel company's board of directors last evening the resignation of A. M. Moreland as secretary was accepted.

It is said the company's recent purchase of ore lands in the Lake Superior region are not approved by all the directors and are a source of friction in the board. It is believed that further changes in the big concern will occur in November.

Gen. John A. McClelland Dead.

Springfield, Ill., Sept. 20.—Gen. John A. McClelland died at his home in this city at 1:10 o'clock this morning, aged 88 years. At the time of his death all the members of his family were present except his son, Colonel Edward J. McClelland of the United States army, who is stationed in the Philippines as military governor of Cebu.

Killed 35, Injured 15.

An Honest Proposition made for One Week by

Mr. and Mrs. Gray,

The World's Famous

Clairvoyants

Known throughout the entire world as the Mystery of Two Hemispheres.

NOTE—As Mr. and Mrs. Gray expect to remain here in Janesville seven or eight weeks longer, they appreciate that a personal visit from the citizens of this city will do more to advertise and recommend them than columns of self praise, therefore they make the following fair offer to all those calling at once. They will give you a Full Reading, consisting of telling your name in full, names of friends, enemies or rivals, who and when you will marry, whether husband, wife or sweetheart is true or false. In fact, they tell you every hope, fear or ambition—you tell them nothing—they tell you, for the

Low Fee of 50c.

Advice given upon all points of interest, such as Love, Courtship, Marriage, Divorce, Health, Business, Lawsuits, Speculation, and transactions of all kinds. In fact, no matter what may be your hope, fear or ambition, come to these gifted Clairvoyants and find help.

ARE YOU IN LOVE?

If so, do you find the one you have bestowed your affections and trust upon acting COOL and INDIFFERENT? Has a rival or a stake of any kind crept between you and your future hope or has a demon—rum—assailed the quietude of your happy home? If so, come at once to these gifted clairvoyants and find help. They will guarantee to tell you the names of your rivals also, will tell you how to win your heart's desire quickly and overcome your rivals or obstacles existing between you and your future happiness.

ARE YOU IN TROUBLE?

Do you find, with all your natural gifts and talents, that you are baffled, discouraged and unsuccessful? If so, come and be advised; find out the cause of your bad luck and how you can change your bad conditions to those of success, joy and happiness. Thousands live today to bless and give credit of their success and happiness to these wonderful clairvoyants. They have helped others—why not you?

THEY NEVER FAIL

To cause speedy and happy marriages with the one of your choice; reunite the separated, locate absent friends or buried treasures; give you luck to win your biggest wish; overcome bad luck and sorrow of all kinds, and it never takes them but a very short time. In fact, they guarantee everything they claim—and you pay nothing until you have received value in full. Is this not honest? Could anything be fairer?

No money accepted in advance nor do you pay a cent unless you are absolutely satisfied. Has this not honesty upon the face of it?

Romania Makes Demands.

Sofia, Sept. 20.—The Roumanian representative here has communicated with the Bulgarian government, asking it to deliver under safe conduct, the alleged victims of the Roumanian police, in order that they may establish their grievances before a tribunal invested with power to find them guilty if the evidence should point that way. The Bulgarian government delays replying.

Government Helps Bank Crisis.

Rio Janeiro, Sept. 20.—The official journal publishes facts concerning the origin of the bank crisis. It says that one year ago the directors of the Bank of the Republic informed the government that the bank's condition was very critical. The government aided the bank by making deposits amounting to £1,300,000.

CENTRAL WISCONSIN
MEDICAL SOCIETYFIRST QUARTERLY MEETING
ON TUESDAY, SEPT. 25.Local Committee of Arrangements Has
Prepared a Program Full of Interest
—Present Officers of the Society—
Banquet at the Grand Hotel—The
Program in Detail.The first quarterly meeting of the
Central Wisconsin Medical Society will
be held at the rooms of the Caledonian
society in Janesville on Tuesday, Sept.
25. Secretary C. S. Sheldon has issued
an invitation in which he says:"The Janesville meeting promises a
large attendance and an unusually good
time. We always enjoy the Janesville
meeting but our brethren there promise
better things than ordinary. The local
committee of arrangements have pre-
pared a program full of interest, and
they especially request that the mem-
bers come prepared to enter into the
discussion with enthusiasm. This in-
volves a thoughtful consideration of the
various subjects before coming to the
meeting. Having something to say,
they insist that all shall feel perfectly at
home and at liberty to take part, fam-
iliarly and informally, in the proceedings
of the meeting. This has always been
a marked characteristic of the "Central
Wisconsin," and the members will see
to it that the democratic spirit is main-

VOTE IS TAKEN TO
CHANGE THE CREED

THIRTEEN TO ELEVEN IN FAVOR OF A REVISION.

Madison Presbytery Closed its Fall Session Last Evening—Rev. Mr. Pence Preached the Sermon Over the Installation of Rev. J. T. Henderson—Services at the Closing.

The Madison Presbytery closed its fall session yesterday afternoon. The session was attended by twenty-seven ministers and seven elders.

The afternoon session was devoted largely to the discussion of proposed changes in the laws of the church. The Presbytery voting in the affirmative on seven ventures and the negative in one. An animated discussion was caused by the proposed revision of the creed.

Rev. Geo. C. Lamb of Lodi presented the majority report in favor of leaving the creed as it is. The minority report was presented by Rev. Bigler of Madison, and favored a short plainly worded creed. This is one of the most important subjects now before the court and produced an animated discussion many taking part in it. The vote stood 13 to 11 in favor of the minority report or the revision of the creed.

All the pastors present made reports on the church work and the future looked bright and hopeful.

The ladies of the church served a delightful supper to which the pastors of all the other churches in the city were invited. An impromptu program of toasts was given after the supper. Rev. Henderson acting as toastmaster.

Dr. W. F. Brown of Beloit and Dr. E. H. Pence of Detroit, former pastors of the church, responded to the toast "My Experiences in the Janesville Church" and both were listened to with interest and pleasure. Rev. Creswell responded to "The Elders," R. P. Perry of Redlandsburg to "The Pastors" and Rev. Bigler to "The Ladies."

Rev. Henderson Installed

Rev. J. T. Henderson was installed as pastor of the First Presbyterian church last evening. The services were held in connection with the fall session of the Madison Presbytery. In spite of the disagreeable weather the church was filled to overflowing and the Sunday school room in the rear of the auditorium was utilized.

Rev. T. T. Creswell, moderator of the Presbytery presided. The services included a prayer by Rev. Geo. W. Healy of Poyntette; a piece by the chorus choir and a prayer by Rev. Scott of Redlandsburg, followed by an anthem by the choir.

Rev. E. H. Pence, D. D., former pastor of the church, was then introduced by Rev. Creswell. Rev. Pence preached the installation sermon and took for his text: Ye believe in God, believe also in me. In my father's house are many mansions. John 14, 1-2.

The sermon was ably delivered and ended with a tribute to Rev. Henderson, who was a classmate of Rev. Pence.

After an anthem by the choir Rev. Creswell, as moderator propounded the usual questions to both Rev. Henderson and the members of the church, after which he declared Rev. Henderson duly installed as pastor.

The charge to the pastor was ably delivered by Rev. B. B. Bigler, of Madison, who took his text from Timothy, 4:16, "Take heed unto thyself and unto the doctrine."

Rev. Creswell gave his charge to the congregation taking for his text Hosea 4:9, "Like people, like priests."

Dr. W. F. Brown of Beloit, a former pastor of the church made the closing prayer and Rev. Henderson pronounced the benediction.

Many who attended the services lingered after they were over to greet Dr. Pence whose presence added charm to the services.

The divines that took part in the installation exercises were all classmates of Rev. Henderson at McCormick Theological Institute.

NEW YORK HAS A
HUMAN BALLOON

Patient At the Harlem Hospital Has the Weirdest Experience Ever Known to Man.

New York, Sept. 20.—Patrick O'Connell, a patient in the Harlem hospital, may recover, the doctors say, after one of the weirdest experiences known to man. Kavanagh is known to the nurses and attendants as the "human balloon," and today it requires much care and invention to prevent him from inflating and bumping on the ceiling of his ward.

He was working on the top of a five-story building and fell. When he was picked up it was found that three of his ribs had been fractured and had penetrated his lungs. The result was that instead of exhaling the air in the ordinary way it passed into the tissues of every part of his body.

He began to swell. With every breath his size increased until he resembled an airship and it was hard work to keep him on the ground. The slightest movement and he would bounce up and down like a captive balloon. On the way to the hospital he was on the stretcher only half the time. His sufferings were finally relieved by tapping him as veterinarians do mules with the colic.

Holes were bored in him at different parts and the air was allowed to hiss out until he had flattened out sufficiently to make his stay on earth reasonably certain.

AN EXCITING RUNAWAY

Horse Driven by James Daly Takes a Desperate Dash Through Some of the Business Streets.

A horse driven by James Daly ran away today on North Jackson street. About twelve o'clock Daly and a young man named Garry were coming down North Jackson street when the horse took fright and started towards Milwaukee street at a breakneck pace. Just before they reached Milwaukee street Garry became frightened and jumped or fell out of the buggy.

When they reached Milwaukee street Daly tried to turn the horse down the street and in so doing swung over to the south side.

A horse and buggy belonging to Jas. L. Bennett who resides near Afton was hit near Vankirk's grocery and the runaway horse crashed in it throwing Daly out of the buggy like he had been thrown from a spring board, landing him on the sidewalk.

Both horses went down in a pile and a general mix up followed. Bystanders immediately hurried to the place and held the horses until they could get things cleared away. It was found that very little damage had been done, neither of the horses were injured and the buggy but slightly damaged. Daly was not hurt and it was a fortunate outcome from what looked to be a bad smash up.

CONTRACTS LET FOR
NEW WAREHOUSE

The contract for doing the carpenter work on Soverhill & Porter's new warehouse on Milwaukee street was awarded to Edward Donahoe and the mason work to Edward T. Billings. Mr. Billings is already well advanced with his part of the contract and the foundation walls are about level with the surface of the ground. Mr. Donahoe expects to be able to get the building ready for occupancy in about six weeks. The new warehouse will be quite a novelty, being but one story high with all the departments on the ground floor.

BROKEN CLOSE TO HIP JOINT

Injury to Tom Murty Is Worse Than Was First Supposed.

Tom Murty, who was injured yesterday morning by falling from the gangway in the C. M. & St. P. coal sheds was more seriously injured than was first supposed. When the first examination was made it was thought that he had dislocated his hip. Later an examination was held by Drs. J. B. Whiting, J. W. St. John and Joe Whiting and it was discovered that the bone was broken within an inch or two of the hip joint.

WOMAN'S HOME COMPANION

Among the special features of the Woman's Home Companion for October are "The Recollections of a Midget," by the Countess Magri, formerly the wife of General Tom Thumb; the first part of an essay on "Heroes and Heroines," by Robert Grant; the first of a series of travel articles by Lillian Bell; a description by Edgar Fawcett of the famous pleasure-grounds around London; the presentation of Pope Leo XIII, in the light of a housekeeper, by Edward Page Gaston; and an article entitled "The American Girl Musicians Abroad," by Edward A. Steiner. These, together with the short stories, several articles on Halloween and the usual number of articles devoted to the household, make this number one of especial interest.

ALBERT JONES SAFE
IN THE COUNTY JAIL

He Is Alleged to Have Been Doing Some Queer Business Here and At Evansville.

Chief Hogan received a message from Madison yesterday to look out for Albert Jones and arrest him for forgery if found. The chief immediately made a search about town and around the stations and went to all the trains that the man could get in from Madison and kept a sharp look out on the street during the night but could find no trace of the man.

All the time Jones was safely locked up in the Rock county jail having been arrested by Under-Sheriff E. D. Roberts last night about six o'clock. Roberts did not know that Chief Hogan had received word to look out for Jones, so did not notify him that he had him in jail.

Jones seems to be looking for a chance to get into trouble. He was working for Miss Hall who is exhibiting the trained horses at the Dane county fair, and getting into some trouble with Miss Hall; quit. He went to Evansville Wednesday and passed a forged check for ten dollars signed by Mrs. George Hall. The bank discovered the forgery and the police were notified to look out for Jones.

He arrived in this city yesterday afternoon about 3 o'clock and went up to the Park Hotel where he tried to pass an order for \$10 which he said was signed by George Hall. L. C. Brewer the proprietor of the hotel, told Jones he was short and did not care to cash the order. Jones then went to C. H. Spencer's shoe store and sprung the order on Mr. Spencer, who thought it very funny that the man should have the order and questioned him as to how he came to get it.

Jones said Miss Hall had contracted to furnish the canvas for the Dane County fair at Madison and did not have enough and sent him down to get some. Spencer told Jones that Miss Hall could get what money she wanted from Mr. Eager of Evansville, Jones said Eager had advanced all he cared to already and Miss Hall wanted a little more money. Spencer declined to cash the order and Jones went out.

He told Dr. Roberts that Miss Hall had met with an accident at Madison, that her trained horse had fallen on her and broken both of her legs and that she had been taken to Evansville on a stretcher and that the horse was badly hurt and Miss Hall wanted him to go up to Madison to tend the horse.

Dr. Roberts thought the man was not telling the truth so telephoned up to Madison and found out about Jones and put him under arrest. Since Jones has been arrested it is understood that the Evansville parties decline to prosecute him.

WEE FOLKS WILL MEET

The "Wee Folks" band of the Congregational church will meet tomorrow afternoon at 3:30 o'clock if the weather is warm and pleasant on Mrs. G. D. Charlton's lawn at 107 South High street. If it is not pleasant the meeting will be held in the church parlors. Mothers are urged to bring the little ones as an enjoyable afternoon has been arranged.

The neighbors want a chance, too; so we will continue the Remnant sale Through Friday.

BOERS MOVING NORTHWARD.

Gen. Viljoen with 3,000 Men
Near Hectorspruit

AND HE HAS THIRTY GUNS.

Nelspruit Is Held by British—Gen. Buller Reports That the Bulk of His Enemies Are Now Mercenaries and Cape Colony Rebels.

Spitzkop, Sept. 20.—Gen. Viljoen, who succeeded Louis Botha in the supreme command of the Transvaal forces, is reported to be moving northward in the direction of Hectorspruit, with 3,000 men and thirty guns. He is known as "the firebrand," and will endeavor to protract the war.

London, Sept. 20.—Lord Roberts telegraphed from Nelspruit, Vaal River colony, under date of Tuesday, Sept. 18, that the town was occupied on the day previous without opposition. He adds that he is in communication with Gen. Buller and is able to send him supplies. Lord Roberts further says that Gen. Buller reports that the bulk of his opponents now are mercenaries and Cape Colony rebels.

KRUGER DELAYS HIS VOYAGE.

Will Not Sail for Europe Sept. 24, as He Intended.

Lorenzo Marques, Monday, Sept. 17.—Mr. Kruger, the former president of the South African Republic, will not sail for Europe on the German steamer Herzog, Monday, Sept. 24, as he originally intended.

The Hague, Sept. 20.—The government of the Netherlands has been notified of Mr. Kruger's acceptance of its offer to place a warship at his disposal to convey him from Lorenzo Marques to Holland.

New York, Sept. 20.—Charles D. Pierce, consul-general Orange Free State and trustee and treasurer of the Boer relief fund, has received the following cable from the Boer envoys, who are now at Dordrecht, Holland:

"Dordrecht, Holland, Sept. 18, 1900.—We have been informed that a proclamation issued by Lord Roberts, commander in chief of the British troops in South Africa, contains a statement to the effect that President Kruger has crossed the borders of the republic and consequently should have formally resigned as president and that his forsaking the cause of the Boers ought to convince the burghers how useless it will be to go on fighting.

"We feel obliged to protest against this new insinuation, desiring to say that if the state president of the South African Republic should have crossed the borders of his country he must have done so by order of the 'uitverre rand' (executive council), which body by virtue of a special warrant of the volksraad in its session of 1899 is fully entitled to authorize the president to go abroad for some purpose or other; according to the constitution the vice-president in such a case immediately enters upon the duties of the state president and the government is carried on as before.

"So there is no question about abdication, as president, or of forsaking the cause of the Boers. The proclamation thus can have no other purpose than by a false representation of facts harming the enemy, who cannot be brought into submission even by the application of measures contrary to law and justice.

Cold-Water Train on Tour.

Chicago, Sept. 20.—The prohibition special train of five coaches which left Chicago over the C., B. & Q. tracks, bears the chiefs of the teetotal party on a campaigning tour through Illinois and the northwest. John G. Woolley, candidate for president; Henry B. Metcalf, candidate for vice president; Judge V. V. Barnes, candidate for governor of Illinois, and Oliver W. Stewart, chairman of the national committee, were central figures in the party. Beside the candidates other well-known prohibitionists in the party are: Hale Johnson, R. J. Mossop, V. B. Cushing of Maine, and Walter S. Payne of Ohio. Mrs. O. W. Stewart, Mrs. Mossop, Mrs. Mulvihill and Miss Grace Holly will accompany the speakers. The special will begin a second trip Oct. 1. The itinerary of Mr. Woolley will be longer than that of any previous aspirant to the presidency.

Great Tabernacle Reopens.

London, Sept. 20.—The Metropolitan tabernacle was reopened by the Rev. Thomas Spurgeon, son of the late Charles H. Spurgeon. Ira D. Sankey, the American evangelist, participated in the services. A large congregation was present. Mr. Sankey, in the course of his remarks, said he was the bearer of congratulations from 10,000 friends in the United States.

EXPLOSION SHAKES UP JOLIET.

Lakeside Oatmeal Mill Wrecked and Burned—Loss \$53,000.

Joliet, Ill., Sept. 20.—An explosion in mill B of the Lakeside Oatmeal company's plant, in this city, shook buildings within a radius of half a mile. Scores of citizens were awakened and all thought another earthquake had visited the city. Flames followed the explosion, enveloping the big four-story brick mill. The entire Joliet fire department responded to an alarm, but the mill was destroyed. The total loss was \$53,000; insurance, \$51,000. A spark from the grinding stones, it is thought, caused the dust in the mill to explode, thus causing the fire. The mill has been running night and day and seven men were at work at the time. They barely escaped before the flames cut them off. John Kelly, who was at work on the third floor, jumped through a window and alighted on a box car after a twenty-five foot fall. Shortly after the fire got under full headway the west wall fell outward and a fire company had a narrow escape. The box car on which the men were standing was crushed. The Lakeside mills form the principal competition of the trust. David Oliver is the proprietor. The burned mill had a capacity of 350 barrels of oatmeal a day. It will be rebuilt.

Spring Lake, N. J., Burned.

New York, Sept. 20.—Spring Lake, N. J., a summer resort near Sea Girt, was destroyed by fire early today. Among the buildings burned were three of the largest hotels in the place, eleven fine cottages and several stores. The total loss is estimated at \$250,000. Most of the hotels and cottages had closed for the season.

Mother's Love

Is boundless. Yet it is utterly helpless to give strength to the child born with a low vitality. The time to give strength to the child is before birth and to impart this gift the mother herself must be strong. Dr. Pierce's Favorite Prescription gives strength to mothers. It practically does away with the pains of motherhood, and enables the mother to endow her child with a healthy body and a happy disposition. "Favorite Prescription" contains no alcohol and is absolutely free from opium and cocaine.

"I consider Dr. Pierce's Favorite Prescription the best medicine made," writes Mrs. Mary Murdock, of 220 Taylor St., Topeka, Kansas. "I know it has no equal. I am the mother of ten children and only one living—the tenth one. She is one year old and is as well and hearty as can be. She is a beauty. Of my other babies, some were born at right time, but dead, others were premature births; one lived to be one year old but she was always feeble. I tried different doctors but none of them could tell what my trouble was. I was examined by surgeons but they found nothing wrong. I did not know what to do, so I thought this last time I would try Dr. Pierce's Favorite Prescription. I took it the entire nine months and now have a fine baby girl, and I can not praise your medicine enough for the good it did me."

Dr. Pierce's Pellets cure heart-burn.
